Cold and Flu Season is Here. Parents, in order to best care for your children we ask that you keep your child home if they are exhibiting any signs of the flu. Those symptoms include fever, headache or body aches, cough and/or sore throat. If your child should have a fever, please keep them home until they have gone 24hrs without the fever returning. Don't forget to encourage your children to wash their hands frequently and to cover their mouths when coughing. These are the best practices to avoid spreading illness. Thank you for your help.
